WEIXELBAUMER

ATTORNEYS AT LAW

Our Aim ...

Weixelbaumer Attorneys at Law is a law firm with focus on commercial law.

Based in Vienna, Weixelbaumer Attorneys at Law serves national and international active companies in all legal matters with a focus on construction and real estate, public procurement, competition, intellectual property, IT and franchising. Based on decades of experience, Weixelbaumer Attorneys at Law are able to provide their clients tailor-made solutions for legal issues.

The experience of the founding partners as leading inhouse lawyers as well as members of management teams of major business companies rounds off the expertise.

Our Specialization ...

- Property and Real Estate Law
- Construction Contract Law
- Corporate Law
- Antitrust Law
- Distribution and Franchise Law
- Competition Law
- Intellectual Property Law / Public-Private Partnership
- Labor Law
- Association Law
- Commercial Law
- Data Protection and Privacy Law
- Corporate Compliance
- Contract law
- IT-Law
- Media and Entertainment Law

Property and Real Estate Law ...

Purchase, rental, and lease agreements, easement agreements, due diligence reports and the professional management of real estate projects, the registration of real estate transactions in the land register and establishment of ownership for condominiums.

Construction Contract Law ...

Architectural and construction contracts; general contractor and full-service general contractor agreements, claim and anti-claim management.

Corporate Law ...

Articles of association; bylaws for managing directors, executive committees, supervisory boards, councils and other committees; silent partnerships, participation rights, shareholder meetings, mergers, demergers and asset transactions, voting agreements, assignment of shares, due diligence reports.

Antitrust Law ...

Merger proceedings, antitrust examination of contracts and projects, provisions regarding government subsidies and grants.

Distribution Law / Franchise Law ...

Authorized dealer, agency and franchise agreements, purchase conditions, license agreements, development and formation of franchise systems.

Competition Law ...

Examination of marketing measures, defense and enforcement of claims related to fair trading practices.

Intellectual Property Law ...

Similarity searches, registration and administration of trademarks, purchase and license agreements, usage rights contracts, software contracts, domain registrations, enforcement and defense of intellectual property claims.

Public Procurement Law and Public-Private Partnerships ...

Preparation, design and examination of tenders, bidders' requests, review procedures, representation before procurement review authorities, conception of PPP models

Employment Law ...

Service agreements, board and management agreements, dismissals, layoffs, termination agreements, collective agreements, due diligence reports, employee lease agreements, consulting on the sale and restructuring of companies

Data Protection and Privacy Law ...

Reporting of data applications, approval procedures, consent forms, guidelines and policies

Commercial Law ...

Business licenses, operating permits

Corporate Compliance ...

Compliance audits (anti-corruption, labor law, data protection law, competition law, ...), crisis management, individual training programs, development of guidelines and policies

Association Law...

Foundation of associations, association statuses, restructuring processes

Contract Law ...

Establishment of contracts (e.g. operating agreements, cooperation agreements, agency agreements, advertising agreements), examination of contracts, contract negotiations

IT-Law ...

Software agreements, e-commerce, internet governance, industrial property rights, copyright, domain law, e-justice, e-government, data protection, enforcement and defense of claims

Media and Entertainment Law ...

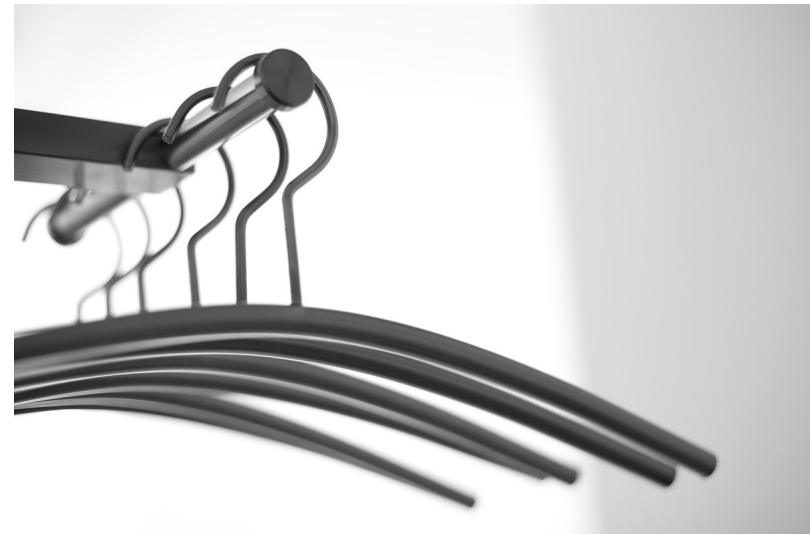

Production, co-operation, exploitation and licensing agreements, protection of individuals regarding publications in the media, copyright and licensing / publishing agreements, enforcement and defense of claims

Across Borders ...

We offer advice in other European countries through selected partners.

We are independent and can therefore on a case-by-case basis select and coordinate the appropriate consultants.

Your benefit ...

- ✓ Support directly from a partner
- ✓ Communication on the shortest way
- ✓ Entrepreneurial spirit combined with legal expertise

Know-how from the successful management of a variety of construction projects, support in procurement procedures, company expansions, real estate transactions, operational management, establishment of new business fields, management of marketing campaigns, compliance checks and optimizations, restructurings, joint ventures, ...

A reliable and always present partner on your side.
